

## Exit Interview

*Please discuss with the student-athlete that the responses will be shared with the Athletics Director, but no one else will receive this information. However, if something is stated by numerous student-athletes, that may be shared with the Coach to help them improve, but would never be attributed to a single student-athlete.*

Talk about your experience at Fresno State...

Do you think you reached your potential as a student-athlete? If not, why?

Please share about your relationship with the coaching staff.

What are your thoughts about the future of your sport at Fresno State?

As a student-athlete, you had a number of people work with you (Academics, Sports Medicine, Strength and Conditioning, etc.). How would you describe their support of you? Please mention anyone individually you would like.

What did you like best about your Fresno State athletic experience?

What type of things would make you more satisfied with your experiences?

Do you have any constructive suggestions for the administration which would make this department or your sport better?

If you were the Athletics Director, what type of things would you like to change or add?

What is your major and plans for post-graduation?

Do you feel like we have assisted you in reaching your career objectives?

How was the campus environment? Did you have any issues with fellow students, staff or professors?

How was the balance for you with academics and athletics?

Would you choose Fresno State again?

Would you encourage others to attend Fresno State?

What other schools did you consider during your recruitment? Why did you choose Fresno State?

What advice would you provide incoming student-athletes who will participate in your sport?
