Hey [REDACTED]

I apologize for the delay. I started a new job at M&T Bank and have been doing a lot of intense classroom training.

I do not have a pdf reader on my laptop so I was only able to do it in word/list. I hope this is okay.

Thank you for your time and everything you have done for the team the past four years! I wish you all the best.

[REDACTED]

1. My decision to come to Morgan State was based on the scholarship that I received.
2. The institution - each year the administration got better. Coach [REDACTED] had a few issues the past four years, felt like as a Division 1 coach he lacked skills needed for us to be better.
3. I would encourage other student athletes to attend Morgan State.
4. NA
5. NA
6. The facilities in the beginning were not what I had expected from a Division 1 school but once [REDACTED] because our Director alot of things changed making it an overall better place to be.
7. I rarely needed the medical staff so I can not put any input into this.
8. I do not feel like as though the [REDACTED] team received good promotions and marketing. We had 4 or more home matches over the course of my 4 years and they were not shared with the campus (if thats what this question is asking)
9. Yes I was a member of SAAC for two years.
10. I liked traveling the most and also the nice hotel rooms that [REDACTED] put us in. As far as the athletic side of my experience when we won a few tournaments. Educational wise- I enjoyed going to class and learning new things.
11. Yes I am familiar with SAAC
12. Yes I was a member of SAAC.
13. When I was apart of SAAC people in the group would just talk about doing things/events and that we (as a whole group) never wanted to take the time to do anything. I left SAAC due to the fact that it was a waste of time because I would rather spend that hour of the day working on homework or studying rather than talking about things we were going to do and we never did them.
14. I performed about the same in or out of season. I made sure my work was completed either way.
15. Yes my academic advisors were great.
16. Yes I feel as though the athletic advisors were there when I need them , especially [REDACTED] she is very knowledgable and usually can answer any question.
17. No I dont feel like I was hazed.
18. I feel my coach treated me with respect. However I feel as though he did not treat everyone the same and with the respect that I received.
19. If i could change anything I would want a coach who would coach us. He is a great man and person overall however he lacked the skills needed for a Division 1 [REDACTED] program. We as a Division 1 sport need coaching as well as PRACTICE. We did not receive practice

like we should have. We cant practice 2 hours 3 days a week and then go to a 3 day tournament that is will be an 8 hour day and expect good results. We were not conditioned or ready due to lack of coaching and practice.

20. I am a week away from my last course for my BA and I have a job working with MTBANK.
21. NA
22. The athletic administrators are so awesome and I wish I was a incoming freshman with the administrators we have now rather then when I came to Morgan in 2015. The athletic department is growing and becoming better.

1. What factors lead to your decision to attend Morgan State University?
[REDACTED], ~~was~~ HBCU and not far from home.
2. Did your coach(es) and the institution live up to what was promised to you as a recruit? Yes No
I was able to learn a lot about [REDACTED] and most of the equipment that I was promised. I received. I gained new experiences, but I mainly grew stronger athletically.
3. Would you encourage other student-athletes to attend this institution? Yes No
4. If you are transferring to another college, what led to your decision to transfer?
5. If you voluntarily left the team, what led to that decision?

9. Have you had an opportunity to be involved in other campus organizations or activities? Yes No

STUDENT-ATHLETE EXIT INTERVIEW

If not, what is the main reason you did not get involved?

Mainly because of [REDACTED] and the other reason being that I lost the feeling of wanting to get involved. Plus practice conflicted with the meetings of a club I wanted to join.

10. What did you like most about your Morgan State University ATHLETIC experience?

What I liked the most about my athletic experience is that I got to travel to places I never been to and I met so many people outside of Morgan as well as getting to know the staff.

EDUCATIONAL experience?

My educational experience was up and down. Some moments I wasn't too proud of myself because I could have done better. Otherwise I am proud of my academic accomplishments.

11. Are you familiar with the Student-Athlete Advisory Committee (SAAC)?

Yes No

12. Were you a member of SAAC?

Yes No

13. What constructive feedback do you have to increase awareness of SAAC?

Try to create a better bond between student athletes and the rest of campus. They need to have more events with the other organizations because I doubt many people outside of ~~athletic~~ athletics know what SAAC is.

STUDENT-ATHLETE EXIT INTERVIEW

14. Do you perform better academically during your season or out of your season? In-season Out of season
I put academics over athletics anytime
15. Do you have a good relationship with your academic advisor(s)? Yes No
16. Do you feel the athletic administrators were available to you if you needed them? Yes No
17. Do you feel you were hazed at anytime during your time as a student-athlete? Yes No

18. How do you feel your coach(es) treated you as an individual?

As far as an individual, coach treated me pretty well. He was never mad to me and it was always easy to talk to him. As a coach, I feel like he could've played me more especially in my last year. I know I was a better [redacted] than some of the people he decided to play over me, but I should've said something.

19. If you could change one thing in your sport, and/or the intercollegiate athletic program, what would that change be?

I would recruit better people, academically and talent wise. It's a waste of time and money to recruit someone who has crappy grades and sucks at [redacted] too. I would also make it that coaches can't recruit their children unless there is another coach present. It creates too much

20. What are your future plans once you depart MSU? conflict of interest.

My plans are to be home with my family. Looking to get a job in human resources or customer service.

hire more women of color (ie Black)
~~hire more women~~ A few members of the faculty come
off as creepy. Otherwise, [REDACTED] run a

STUDENT-ATHLETE EXIT INTERVIEW

If not, what is the main reason you did not get involved?

10. What did you like most about your Morgan State University **ATHLETIC** experience?

I really liked the fact that we got a new athletic director who cares. I also like how we are provided well made nutrition station. The most important part I liked was that there where faculty that really cared about the bowling team.

EDUCATIONAL experience?

I love my experience when it comes to my education. The psychology department has been a great help and the material I am learning is what I am interested in. The faculty really cares about the students and what them to succeed in everything we are doing.

11. Are you familiar with the Student-Athlete Advisory Committee (SAAC)? Yes X No

12. Were you a member of SAAC? Yes X No

13. What constructive feedback do you have to increase awareness of SAAC?

The communication is terrible. Not only that, but when we announce events to our teammates, they seem to be not interested in participating. It is also hard to plan events around the athletes educational schedule, team schedule, and social life schedule.

17. Do you feel you were hazed at anytime during your time as a student-athlete? Yes ____ No X
18. How do you feel your coach(es) treated you as an individual?

My coach, in my eyes, has treated me very unfair compared to the other athletes. He has made me question the love for my sport. He has made me question myself when it comes to the physical game. My confidence has decreased and my depression has increased. He will pull me out of a game when I believe I did not deserve it. When a teammate is [REDACTED] worse than me and I get pulled out instead of her, I feel like I am being targeted. Nothing I do is good enough for him. He plays favorites and I am on the bottom of his list. He will allow people to do stuff and when I want to do the same, he will quickly tell me no. He makes me feel like I was the worst [REDACTED] he has ever recruited. He even told me that he does not trust me and has made me cry.

19. If you could change one thing in your sport, and/or the intercollegiate athletic program, what would that change be?
- Hire a new coach and start listening to the players because everything is perceived different.
20. What are your future plans once you depart MSU?
- I plan on taking a year off to get ready for Graduate school as well as seeing how far I can go with [REDACTED]

██████████ is doing a great job turning this program around. I feel like Sports medicine could improve more, but I do not really go down there to give any suggestions. When it come to the ██████████ program, they need a new coach who is certified through USBC and actually knows the modern technique and ways of the game.

22. Do you have any constructive suggestions for the athletic administrators that would make this department a better place?

I think the athletic administrators need to pay more attention to the tasks that they're assigned to so that mistakes don't happen and so that student-athletes won't have to suffer the consequences. When an infraction occurs the student bears the responsibility for mistakes made by coaches and staff. Rather than the coach or staff being held accountable the student is held accountable.
