Describe the interpretive request

4-2-4 transfer, who after only on full-time semester, will graduate from his current two-year college. However, he finished that semester, presents a 2.13 transferable grade point average. He is currently enrolled part-time to meet his graduation requirements, but his projected grades will not bring his transferable grade point average to a 2.50 or above. His current institution will not pay for any more courses. Can he take courses as a part-time student at another junior college, transfer them back to his current institution, and use those to meet the 2.50 requirement. His current institution accepts transfer grade point average (as opposed to just transfer credits). His current cumulative grade point average at the two-year institution is a 2.69 because the current institution accepted his grades as well as his credits upon transfer from his original four-year institution.
