

Mike Lickert

A long time band director Tom Stidham passes away yesterday and Matt Smith of the band asked if they could say a couple sentences about him and put his picture on the videoboard prior to their performance at halftime.

This won't negatively effect our times at all for halftime and I replied he could do that.

Wanted to let you know that will happen

Thanks

Do it, please send note to exec staff so they are aware. Include Joe Monaco

has asked for a ticket to late night. I don't have one for her since she isn't on the team She went to Compliance asking for one. They reached out to me. I told them I don't have one for her and I don't want her around my team. I'm not sure why she is asking Compliance but I just wanted to keep you in the loop.

Tell her to get in line with students. It's free
