Annee,

Attached is an improved version of the wording for the bonze.

Annee:

Jumping in here with a question.

First off, I have assisted Mike, Alan, and others in the development of Mr. Pickens' grave and surrounds. Mike and team are seriously considering honoring Mr. Pickens as noted below. We expect it to remain a lasting tribute to Mr. Pickens.

Question: Do you have any details or cut sheets on how similar tributes have been mounted elsewhere? In other words, what is your advice on how to place and secure the bronze plate so that it is lasting through the many years ahead?

Seek your advice. Thanks.

John

Yes. The plan is to cover the casket.

Thank you Mike! I will work on getting a quote for you! Just to confirm, at 30" x 80" we'd be looking at 2.5 feet wide and a little over 6.5 feet tall?

Annee,

I got your name from Alan Bratton. I would like to price a 30" X 80" bronze plate to be placed over the grave of Boone Pickens. The inscription for the plate is attached. The grave site is next to Boone's childhood home which was moved to Karsten Creek.

Please let me know if you need further details. I'd also like to know the approximate time needed to complete the bronze.
